^{19th century}
two photograph albums with many Nantucket photographs,
an old bird cage & other treasures. No day was
hot, ^{very humid} but we had a grand time and didn't
mind the weather at all. Returned to Golf Course
for luncheon/dinner with HCRP/WSP - tuna fish
Casseroles & tossed salad.

The bread was doing just fine - I put it aside &
dressed for the Marywood Jazz Ensemble concert -
Khaki pants, pink shirt, white tie - DWP
got out his lawn robe & pillow and camera &
away we went. When we arrived at Memorial
Park, Suzie Stevens and "Big Rita" were there
& DWP & I went up to the 3rd floor of City Hall
and got about 12 chairs for the musicians &
also for "the principals" (SRP, Hank, DWP, SBS).
Henry arrived with the "risers" from CHS &
we set them up - the Marywood Jazz
Ensemble arrived and we set up - happily
the power was on in the park & we borrowed
an extension cord from Big Rita & away we
went. What an up! Women in ^{fancy} summer
dresses and carrying folding chairs were
arriving from all directions. Couples
came from everywhere. Kitty Kelly & Esther
Singer & Louie Speicher & Jane Robbins &
Mr. & Mrs. Sidney Witter & on & on arrived -
about 125 people in all. A holiday
mood prevailed; the rain clouds stayed
away; SRP introduced Bill Luber &
the concert was off & running. DWP
& SRP took photographs; DWP made an
audio tape. I will do a write up of

the concert for the paper & therefore will not
go into detail here about the concert. It was,
by all accounts, a grand success. Kitty
Kelly remarked after it was over: "I'm
exhausted from applauding."

Unfortunately, there were not a great
many members of the CHSTM present -
where were: Joe Pascoe, Joe, Jim Hepburn,
RGT, Jean Colville, to mention only five.
Very annoying to say the least.

Hank, SRP, DWP, SBS - we did it all.
Without the four of us, the Marywood Jazz
Ensemble - as well as the Montage
fund-raising event - would not have
come out as brilliantly as they did.

[Hank gave me today my "Northeast Institute"
polo shirt ("Designed by Andrew Scott, 60%
cotton, 40% polyester; made in Korea) that
he got for me at Montage. The shirt is a
wonderfully intense medium green.]

Returned to Golf Course & baked the bread - I did it
as four french baguette loaves & 8 smaller &
narrower loaves; actually I made 4 "ficelles"
and 8 "demi-ficelles" (as long as "ficelles" but
only about 1/2 as wide; they are very much
like giant bread sticks - they are about as
round as the average stick of pepperoni).
No house was resistant with the aroma of
freshly-baked bread - when the four ficelles
came out of the oven, we all had a sample,
